Job Title: Electrical Engineer

---

## Job Description:

---

Located in South East Calgary, our client is a manufacturing company that is becoming one of the top companies for supplying stimulation equipment in Canada. Our client offers many challenging and rewarding career opportunities to interested and qualified individuals with competitive and comprehensive remuneration packages. Our client has an immediate opening for an Electrical Engineer who has Oil and Gas Drilling industry experience. The Electrical Engineer will be responsible for providing technical advice and guidance on all phases of engineering projects. Engineering projects consist of improving existing designs for oil field applications; improve manufacturability of existing product lines, and design guidance for hazardous equipment certification.

## Qualifications

---

- Electrical Engineering degree from an accredited University
- Registered as a Professional Engineer (P.Eng.) with APEGGA.

## To Apply for this opportunity

---

Please submit your resume in Microsoft Word format as an email attachment to [hr@staffcorp.ca](mailto:hr@staffcorp.ca)

You will receive an auto-reply as a confirmation of successful receipt of your resume by StaffCorp. If you do not receive an auto-reply please contact our office.

Note: Please do not include personal information on your resume that is not relevant to your job search (i.e. age, sex, race, social insurance number, or photograph)
